

John of God

His Healing Mission

a Lecture and a Group Healing

"I do not cure anybody. I am merely an instrument in God's hands."
João Teixeira de Faria

Medium John of God has created a Healing Sanctuary, the Casa de Dom Inacio in Central Brazil. For thousands of people every year, from every corner of the world, a trip to the Casa may be the end of their illness.

Graciela Gatti was welcomed by John of God as a Medium and Daughter of the Casa in 2001. She will share her insights, gathered during the past five years leading international groups traveling to the Casa.

- Why is John of God, suddenly "being discovered" by the World's Media?
- There is a lot more to the Casa than meets the eye. What happens to us in Brazil?
- Healing is a Partnership. Interaction with Spirit. What is required of us?
- The Healing Modalities at the Casa: What happens in the "Current Rooms"?
- Why travel to the Casa? What can we get at the Casa, not available anywhere else?

Can you experience the healing without visiting John of God?

Graciela will re-create an experience of what happens when we meditate in the "Current Rooms", during the healing sessions at the Casa.

Graciela will invoke the Healing Spirits from the Casa de Dom Inacio and will facilitate an experience of the Divine Presence. An uplifting, loving energy and blissful silence fill up the room. A pervading calm, peace and Light that allows for deep inner silence and experiences of unconditional love.

God! Please speak to me! Say something to me. Do something to let me know that there is a God.
Joel Goldsmith, *The Art of Spiritual Healing*

Through the use of Prayer and Meditation (the most important tools of the Casa), as well as breathing exercises and Guided Visualization, Graciela will assist you, step by step, in raising your vibration and receptivity to God's Grace.

Bring that one place in your life that longs for Joy.

We will address your deepest yearning --the place in your heart that still aches.
